

SDX

TELESCOPING STACKER

The McCloskey™ SDX Series Telescoping Stackers are the first in a new line of self-contained desegregating conveyors to enhance and streamline materials handling. The SDX Series Stackers maximize stockpile capacity using a robust, fully automated and highly flexible control system providing optimal control of material quality.

With its onboard diesel hydraulic unit, the SDX Stackers are highly portable, complementing mobile screeners and crushers on site. The on-board power proves cost effective for customers, removing the need to transport and setup a separate genset or arrange supply of main power on-site. Setup from delivery to operation can be accomplished in 15 minutes.

The design reflects feedback from customers in a cross-section of material handling applications and industries.

36" HEAVY DUTY TELESCOPING CONVEYOR
Provides optimal, streamlined materials handling.

SELF POWERED
The on-board power removes the need to transport and setup a separate genset or arrange supply of main power on-site.

INTEGRAL PIVOT
Integral Pivot inverts to provide King pin/5th wheel for Transport. Hydraulically controlled/operated for simple, fast, and efficient set up.

STOCKPILE CONTROL
Stockpile large quantities of material without the need for repositioning.

FULL AUTOMATION PACKAGE
Fully automated and highly flexible control system.

3 POSITION AXLE
Features Inline, Transverse & Radial Axle for precise stockpiling positioning.

TRACKED BOGIE OPTION
Available tracked bogie provides stackers with maximum on site mobility.

WIRELESS REMOTE
Standard wireless remote with all SDX models allowing for remote maneuverability and enhances safety for moving freely to the best location.

SDX100V

Engine - Power Unit	Diesel or Electric
Working Length (max)	91' 1" (27.76m)
Working Height (max)	42' 5" (12.94m)
Transport Length	63' (19.21m)
Transport Width (std)	11' (3.35m)
Transport Height	12' 9" (3.89m)
Transport Over Hang	19' 2" (5.84m)
Max. Production Rate	800 TPH (725 metric TPH)
Belt Width	36"

SDX130

Engine - Power Unit	Diesel or Electric
Working Length (max)	130' (39.62m)
Working Height (max)	50' 5" (15.37m)
Transport Length	75' 4" (22.97m)
Transport Width	10' 11" (3.32m)
Transport Height	13' 6" (4.12m)
Transport Over Hang	15' (4.58m)
Max. Production Rate	800 TPH (725 metric TPH)
Belt Width	36" (900mm)

SDX150

Engine - Power Unit	Diesel or Electric
Working Length (max)	150' (45.72m)
Working Height (max)	55' (16.76m)
Transport Length	84' 5" (25.73m)
Transport Width	11' 11" (3.63m)
Transport Height	13' 6" (4.12m)
Transport Over Hang	14' 11" (4.55m)
Max. Production Rate	800 TPH (725 metric TPH)
Belt Width	36"
